

I have heard that you are proposing to expand the LPFM stations to take priority over current FM translator services. I and many friends of mine listen to K-LOVE on 90.9 FM. I support K-LOVE with a monthly donation and greatly appreciate the clean family music and messages they broadcast. It has been very encouraging to me to listen to K-LOVE. It would greatly affect my family if K-LOVE were to be displaced by LPFM broadcasters providing other unfriendly family programming and I do not want this to happen. K-LOVE is a part of my every day activities and has a positive impact on our community. It is encouraging families all across America. This is a community supported, listener supported service that is only on the air due to donations. It is obviously supported and needed all across America. Please reconsider expanding LPFM stations to take priority over FM translator services. Thank you.
